NANO HOLDALL

The new NAN-O holdall is the small holdall of the range! This bag is made with the fabric used for sailor's duffel bags. It is the size of a tool bag for handymen or a very trendy handbag! Ideal for sea-related sports activities.

- It remains a hard-wearing good quality bag. Like other noble materials, it acquires a patina with age, becomes suppler and adapts your use.It lives with you!
- Bottom and body of bag waterproof with welded seams.
- A large teethed zip fastener under flap with magnets that makes it be relatively waterproof.
- 2 long strap handles.
- 2 inside pockets.
- Smooth bottom.
- Size: 20x33 cm and 10 litre capacity.
