RP Jacket

The RP Sailing Jacket is breathable and waterproof. It is made of Dremlight, a breathable, high-performance 3-layer fabric. The RP Quarter jacket is very comfortable to wear and relatively light (194g/m²).

- High protective fleece-lined collar
- Every seam thermo-bounded sealed.
- Waterproof cuffs thanks to adjustable neoprene inner sleeves and adjustment tab on the outside of the sleeve
- Cap lined in fluorescent yellow. Depth adjustment and elastic tightening + visor. Reflective bands.
- Large fleece-lined chin guard
- Reflective bands on shoulders and patch on flap
- Big teeth zipper for better durability
- 2 Waterproof front pockets with flaps
- D-rings for attaching the circuit breaker
- Shaped bottom of garment for better protection

Fabric : Dremlight

Dremlight: 3-layer, breathable, souple fabric. Thanks to its lightness, it offers incredible comfort. During very physical activities, the breathability of the fabric effectively reduces the amount of moisture inside the garment. Total weight: 194g/m².

Colours : RED

Sizes : XS, S, M, L, XL, XXL, SUP L,
