RP trousers

The RP Sailing high chest trousers is made of Dremlight, a breathable, high-performance 3-layers fabric. It is very comfortable thanks to its relative lightness (194g/m²). It is a simplified version of the Nunky sailing trousers.

- 100% waterproof with thermo-bonded seams for perfect efficiency.
- Large two-way zip on the waterproof gusset.
- Elastic straps with fabric lining for extra comfort. Adjustable with Velcro tabs.
- Large fluorescent adjustment tab at the base of the legs.
- Two 'D' rings for automatic switch.

Fabric : Dremlight

Dremlight: 3-layer, breathable, souple fabric. Thanks to its lightness, it offers incredible comfort. During very physical activities, the breathability of the fabric effectively reduces the amount of moisture inside the garment. Total weight: 194g/m².

Colours : RED

Sizes : XS, S, M, L, XL, XXL, SUP L,
