

FISHING TOP

- This Top is completely watertight (+10000 mm), breathable (Ret<15) and acts as a windcheater.
- A raglan style cut prevents it from hindering your movements.
- There is enough room in the hood to wear a cap. This has a visor and can be adjusted using an elastic cord and toggle on either side. The large flap closing over the gusset protects from wind and spray.
- Large flap closing over the gusset
- Large front pocket closed by a large self-grip flap.
- Cuffs with gussets adjusted by snap fasteners
- All the seams are thermal taped to make them watertight
- Back slightly longer
